

Bill,

I admire your zeal, but I find that NOT giving him publicity makes him fade away. I cannot believe he posted as Crystal on your youtube. For a photo, refer to Ms. Cox. I am certain that he is literally a state sponsored terrorist. The now Governor protects him and lets him terrorize people on the web, etc. His department (Biology) at University of Montana will not uphold their computer policies for personal use [he has now purchased a blackberry to view, and terrorize on a hand held]. He is an IT state terrorist with a paid state job. Who knows what he actually does, since Crystal logs him onto her sites all day long.

I called him at work several years ago, and he threatened Crystals life like it was drinking water, I will swear to it. He is related indirectly to Paul Stramer who got put in with the Montana Freedmen by the media (Paul is one of ours). Sean sent me a written cease and desist letter after my initial phone query I described above.

He gets information from the Montana Attorney General, or DA and defames people using sensitive information.

All the power to you Bill, please pace yourself and let me know how else I can help.

Michael:

Thank you very much.

Please provide as much detail as you can as I am writing a feature article to again expose this guy.

I am going to Missoula to meet with the police, the university, and the FBI to again file criminal charges against this guy.

Do you have a photo of him or know where I can get one?

Thanks again,

Bill

To lawless america,

I am a supporter (in spirit) with Bill Windsor and Lawless. The comments today are NOT from Crystal cox, but Sean Boushie posing as Crystal Cox. He writes as John Smith, and is literally a state sponsored terrorist out of Missoula, MT. The state pays him to terrorize and attempt to intimidate people. He always talks about mental health, but we can be sure he is the one not so centered.

Please pass this along to Mr. Windsor, and take appropriate action. We have Mr. Boushie locked on the www.RoyceEngstrom.com website for stalking, as does Crystal for court threats.
