Anything William Windsor is involved with is bound to be a complete lie and a distortion of any reality. He is only showing his mentally disturbed and distorted one sided view of every story, most of it lies and less than half truth. Anyone stupid enough to support a extortionist, scam artist, elderly abusing scam like Crystal Cox is obviously not very intelligent and of dubious morals character. My bet is he wants payoffs from people to not extort them on you tube a trick learned from crystal Cox.
