Gmail:

Here is yet more harassment and stalking from Sean M. Boushie of the University of Montana. Please cancel his many gmail accounts.

Please accept this as a formal complaint against [seanboushie@gmail.com](mailto:seanboushie@gmail.com)

I have sent a number of cease and desist notices to Sean Boushie and his various aliases. He also uses the names and emails such as John Smith, Crystal Cox, CrystalCoxisaBitch, CrystalCoxVictimsGroup, [gofuckyourself@yahoo.com](mailto:gofuckyourself@yahoo.com), and others.

In addition to me, this man has sent messages to my wife and son, and they have also sent him a cease and desist notice.

In this email, he threatens them with jail and financial ruin. He has been informed NUMEROUS TIMES that my wife does not own LawlessAmerica.com, and my son's company does not host [www.LawlessAmerica.com](http://www.LawlessAmerica.com). The website has been and is hosted by GoDaddy. Yet he persists in lies, slander, defamation, harassment, and cyberstalking.

He claims he is suing my wife and son, and he is doing so with full knowledge that to do so is a malicious lawsuit in violation of Georgia statutes.

I have filed criminal charges against Sean Boushie in Georgia and Montana, and the U.S. Government, DC, and Virginia police were given the details, his photo, and detailed information about his criminal acts.

This article has a lot of detail about Sean Boushie:

Please terminate all of his accounts.
