Sean Boushie of the University of Montana begins harassing and cyberstalking Bill Windsor of Lawless America

Sean Boushie began stalking Bill Windsor regarding Crystal Cox on March 7, 2012. He initially sent Bill Windsor four emails. He offered to donate money to the film if Bill Windsor told him when and where Crystal Cox would be filmed.

In my opinion, Sean Boushie has also libeled Crystal Cox. He has stated that she is insane. I know Crystal Cox, and she is not the least bit crazy. He calls her a liar, and I do not believe she is.

She's a moving target, but somewhere in the Great Northwest.

Crystal has had a stalker and some threats, so her filming will be done in secret.

That's pretty funny, you better hurry because she is about to be arrested on federal charges and shipped directly to a mental facility.

Stalker, ya right... what she has is a case of paranoid schitzo delusional personality disorder.

She is paid monthly to harass her "stalker", which she defines as anyone who ever looks at her BS web-sites and anyone who tells her to shove it as far up her fat ass as she can reach!

If you haven't figured it out, I'm her alleged stalker.. Only because she says so!!

I am the one that has restraining orders against her not the other way around!

So, let this be your standing cease and desist. If you or she mentions my name or my employer in any association with stalking or if you accuse me of any crime on her simple lying word, i will have you arrested on GA cyberstalking laws, and I will sue you for every penny you never had.

I had enough crap from all the wackjobs associated with this lying POS. You can tell her I'm coming for her and I'm going to make sure she is locked away forever. Want to screw with me and the same goes for you!!Dont bother replying, youre going on the wackjobs to ignore list.
