Sean Boushie claims Bill Windsor has harassed him, lied, and made false statements about him...

Sean Boushie

Sean Boushie sent an email today in which he claims Bill Windsor has harassed him, lied, and made false statements about him. There is absolutely no truth to that because Bill Windsor has not communicated with Sean Boushie except to send him cease and desist notices. Thankfully, Sean Boushie acknowledges receiving those in this email.

Screw you ...dumbass. Make me koward... You had your chance, you ran out of Montana wiht your tail between your legs as fast as you could!!!! You and Crystal Cox are the ones who keep harassing me, I have the right to retaliate. You started it now I will finish it!!! If you dont like it you never should have started it. Cease and desist youself... Remove all your bullshit lies and false statements you made about me nutjob. You are no more than bipolar lying scum.

Note that this email is harassment in itself as the email address is about one of his other victims, Crystal Cox. He uses crystalcoxisabitch and various forms of identity theft with Crystal Cox's name.

Sean Boushie, a teacher at the University of Montana, is a cyberstalker who has threatened many people.
