Professional Cyberstalker Expose

Sean Boushie admits that he filed fraudulent Copyright/Trademark Violation Notices to interfere with Bill Windsor and Lawless America

Sean Boushie has taken credit for filing copyright/trademark violation reports with YouTube that caused one woman's Lawless America videos to be removed and a strike issued against the Lawless America YouTube Channel. **Trademark Violation 1 — Trademark Violation 2 — Trademark Violation 3 — Trademark Violation 4 — Trademark Violation 5 — Trademark Violation 6 — Trademark Violation 7 — Trademark Violation 8.** YouTube will have additional records on these as I didn't attempt to get screenshots of all of them. I have copies of Internet postings where Sean Boushie admits that he filed these fraudulent Copyright/Trademark Violation Notices...and more.

YouTube determined the complaints to be bogus, but the videos were down for a month or two. These copyright/trademark violations have to be filed under penalty of perjury, and it is a federal criminal offense to file bogus complaints. There were at least six filed, maybe as many as 10; I lost track. I have many copies of postings made by Sean Boushie and his aliases that include all type of hate, threats, and simply unbelievable stuff. **Crystal Cox, Michael Spreadbury, and Mary Wilson** each report they were cyberstalked by Sean Boushie. **Sean Boushie has posted vicious things about Crystal Cox,** and she says he has threatened her life. **YouTube Comment.**

	Description	Lawless America Interview Nekesa Barnett discussed this about John Hufschmader's movie photos posted on Craigslist. Lawless America. The Movie is all about exposing the fact that we no longer have laws that are enforced because judges do whatever they want to do. America has also become lawless because government officials are dishonest and/or corrupt. The movie will expose corruption in every state. The movie will focus on victims. Corrupt judges and corrupt government officials will be exposed and we will confront a number of the crooks. If anyone has ever questioned the story of a person who has expressed the view that they were a victim of the government or of judges this movie will prove that the odds are that the corruption report was true. In fact, there are probably tens of millions of victims in the United States who never realized what happened to them. One feature length documentary movie is being produced. It will be shown in theaters on Netflix, Blockbuster and other such video stores, and the movie will be presented at the Substance Film Festival and other film festivals. In addition, videos will be produced for each state and for each type of corruption. Everyone who is interviewed for the film will record a three minute segment that will be done as testimony before Congress as well as a 30-60 minute on-camera interview with the WebDoc founder of LawlessAmerica.com and GOP and candidate for the U.S. House of Representatives. The legislators in each state will receive the testimony from those in their state, and the members of the U.S. House and Senate will receive all of the testimony nationwide. Over 750 people are already scheduled to be interviewed for the movie. For more information, see www.LawlessAmerica.com and www.thebook.com/lawlessamerica
