To lawless america,

I am a supporter (in spirit) with Bill Windsor and Lawless. The comments today are NOT from Crystal cox, but Sean Boushie posing as Crystal Cox. He writes as John Smith, and is litterally a state sponsored terrorist out of Missoula, MT. The state pays him to terrorize and attempt to intimidate people. He always talks about mental health, but we can be sure he is the one not so centered.

Please pass this along to Mr. Windsor, and take appropriate action. We have Mr. Boushie locked on the www.RoyceEngstrom.com website for stalking, as does Crystal for court threats.
