*Nope. 13 degrees today. I'm sure crystal cox has him all riled up. She filed a \$480 million dollar lawsuit against us last week. We'll me and 40 or so others. Looks like the both run out of meds at about the same time. I can email you the 65 page bs ifyou want a laugh. Just don't need it public.*

*Windsor emailed everyone I work with asking for filming victims. He's shown up at my house when I wasn't home last trip, we might have a surprise waiting this time....*

I've never even been to Missoula or Stevensville Montana as he lies and falsely claims.
