Anything William Windsor is involved with is bound to be a complete lie and a distortion of any reality. He is only showing his mentally disturbed and distorted one sided view of every story, most of it lies and less than half truth. Anyone stupid enough to support a extortionist, scam artist, elderly abusing scum like Crystal Cox is obviously not very intelligent and of dubious morals character. My bet is he wants payoffs from people to not extort them on you tube a trick learned from crystal Cox.

Why dont you just check yourself into the nearest mental hospital? We all know that someday you are going to loose it and go postal on one of your many many victims. get some help for your paranoid delusions before its too late. You are a worthless lying hate filled nutcase that teh world would be better off without. Go away or you will soon be locked up for your own, and everyone else's good. the world will be a better place without in it. Dont like it?? You know where i live, come get me
