Lawless America Elizabeth Hope Hernandez, you are a liar, a libeler, and a slanderer. You have repeatedly been advised to cease and desist. Your ongoing uninvited and unwanted postings constitute a crime in Georgia. I have filed criminal charges against you, and I will update the police and the judge with your continued harassment.

Lawless America This is not and never has been a public forum. The statutes make it clear that stalking and harassment is with unwanted contact. I have published that I don't want any contact. I set the rules here. Now, if this is Sean Boushie, please send me one and only one email to nobodies@att.net and acknowledge that this is your posting and that you are the same person who emailed a cease and desist to me and mailed one to my wife and son. Please acknowledge the variety of emails and posts from you over the last year or so. The judge would like to see this. And are you available to speak with the judge by phone on Monday?
