Serial Stalker Sean Boushie has emailed Bill Windsor to say he has a warrant waiting for him in Missoula

Serial Stalker Sean Boushie has emailed Bill Windsor to say he has a warrant waiting for him in Missoula, so Bill Windsor's first stop in Missoula will be the Sheriff's Department to "turn himself in."

Sean Boushie is, of course, a complete wacko, in my humble opinion. Bill Windsor has never committed a crime, but stalkers and criminals like Sean Boushie of the University of Montana say things like this and often file bogus criminal complaints.
