## The High Cost of fighting Injustice and trying to help Save America: Bill Windsor has lost almost everything – Sean Boushie terrorized his family

The cost of battling injustice and trying to help save America is extremely high. Bill Windsor has now lost almost everything.

But you know what they say: Never get in a fight with someone who has nothing to lose. All the dishonest and corrupt people should know that nothing will stop me in my efforts to get them all indicted, arrested, imprisoned, disgraced, impeached, and bankrupted...

When I started battling corruption, I anticipated that judges would try to hurt me. I never dreamed their corruption, dishonesty, and vengeance would be so strong. I knew the corrupt attorneys would just be more corrupt once they realized the judges would let them get away with anything, and they have been brazen.

BB

The corrupt judges and corrupt attorneys stole all my money. One of the most corrupt judges, federal Judge William S. Duffey, even awarded a \$4.5 million contempt sanction against me (while I was on Lawless America Movie Road Trip I) for not paying sanctions (that should have never been awarded) that he knew I could not pay. Judge William S. Duffey forced my sweet, non-party wife to produce her financial and medical records in a non-existent lawsuit that was created to steal money from me. Judge William S. Duffey forced her to appear in court where he terrorized her.

According to one report, there may have been a **plot to have me killed**. I haven't been killed, but others have died. **Nancy Schaffer, Bill Bowen**, and many others with profiles both high and low.

I've received a lot of threats — mainly from people who I feel are mentally ill. Most of the threats, stalkers, libelers, slanderers, and defamers are friends or associates of dishonest women who I have discovered in this project. I didn't anticipate going into this that I would be dealing with such sad, sick people.

I receive all types of sick and/or threatening emails. [gofuckyourself@yahoo.com](mailto:gofuckyourself@yahoo.com) -[KillBill@yahoo.com](mailto:KillBill@yahoo.com) — and other sick email addresses. Then there's the content of the emails. Every nasty word I've ever heard and a few new ones. I've been accused of things such as being a pedophile, a pedophile lover, a scam artist, a criminal, a person who has committed all types of crimes. I've been accused of having sex in hot tubs with women who have assisted me as well as sex with animals. The lies are totally outrageous, but many sad people don't have the sense to realize they are lies or at least question them.

I've never shot anything but cans, bottles, and targets. I owned a gun for a few years in the 1980s, but that was it until recently. I bought a gun because I now fear all the crazy people out there, and because I wanted to buy one before the government does something to stop our access to guns in gross violation of our Constitutional rights. I bought the gun for protection. I am totally non-violent, but I will not hesitate to use the gun if I need to use it for protection.

I have people like **Sean Boushie** threatening my family and me. This sick person, Sean Boushie, who others feel may be working for the government, has posted guns, knives, and mass murderer photos on my websites. Sean Boushie has made many "veiled threats," and he has threatened to shoot me when I come to Missoula Montana. He has sent emails and certified letters to my wife and son claiming he was going to sue them for their participation in Lawless America (participation that he has been told does not exist).

A lot of warped people claim they are suing me. No one has any basis to sue me, but that doesn't stop mentally ill people from making wild claims.

One serial liar did file a criminal action against me. Many of the **lies of Allie Overstreet** have been exposed on this website.

I have now filed a **civil action against Allie Overstreet, Mark Supanich, Brenda Williamson, and 1,000 as-yet-unnamed Jane and John Does**. My damages are certainly mounting!

There are some people who, in my opinion, are truly nuts, like Brannon Bridge, Claudine Dombrowski, Lorraine Tipton, Shannon Miller aka Elizabeth Hope Hernandez, and others with the so-called **American Mothers Political Party** ("AMPP"). AMPP actually promoted for all six or seven of their followers to watch the movie "Kill Bill." Sickos have produced dozens of videos attacking me. They don't have a valid reason to attack me; I believe they just do it because it gives these sick people with no life something to do.

It's Day 319 for Lawless America...The Movie, and it is Day 15,279 of my marriage. The count will continue on the movie, but it is stopping on the marriage. My wife and family are literally SCARED, REALLY REALLY SCARED. My family gave me an ultimatum: Stop your efforts with Lawless America, or lose your family. I told them I would not allow my family to tell me what I can and cannot choose to do. So, my wife has just confirmed that she is filing for divorce, and my daughter will not even let me see or speak with my granddaughters.

My wife and I have been together for 44 years. We have never had a serious problem in our marriage. But now it's over because she is so totally afraid of these sick people who have threatened me and her.

I never in a million years thought I would ever be divorced. The idea never really crossed my mind. But I will soon be another divorced guy. Several judges have taken away my parental rights, not in the traditional corrupt children and family court sense, but by stealing everything I owned, scaring and terrorizing my wife, and causing my children to fear for their safety.

I am mentally making plans to relocate away from Georgia so my former family will perhaps feel a little safer.

Needless to say, I am sick over this. There's no changing it. So I have to just get on with my mission. And to the slimeballs out there who will be delighted with this news, I advise them to remember that you should never get in a fight with someone who has nothing to lose. I no longer have anything to lose. So, I will go after each and every one of the crooks and sickos with everything I've got. I would hate to lose my family and have little to show for it in the end.
