Sean Boushie of the University of Montana libels Bill Windsor by posting online that Windsor is a pedophile

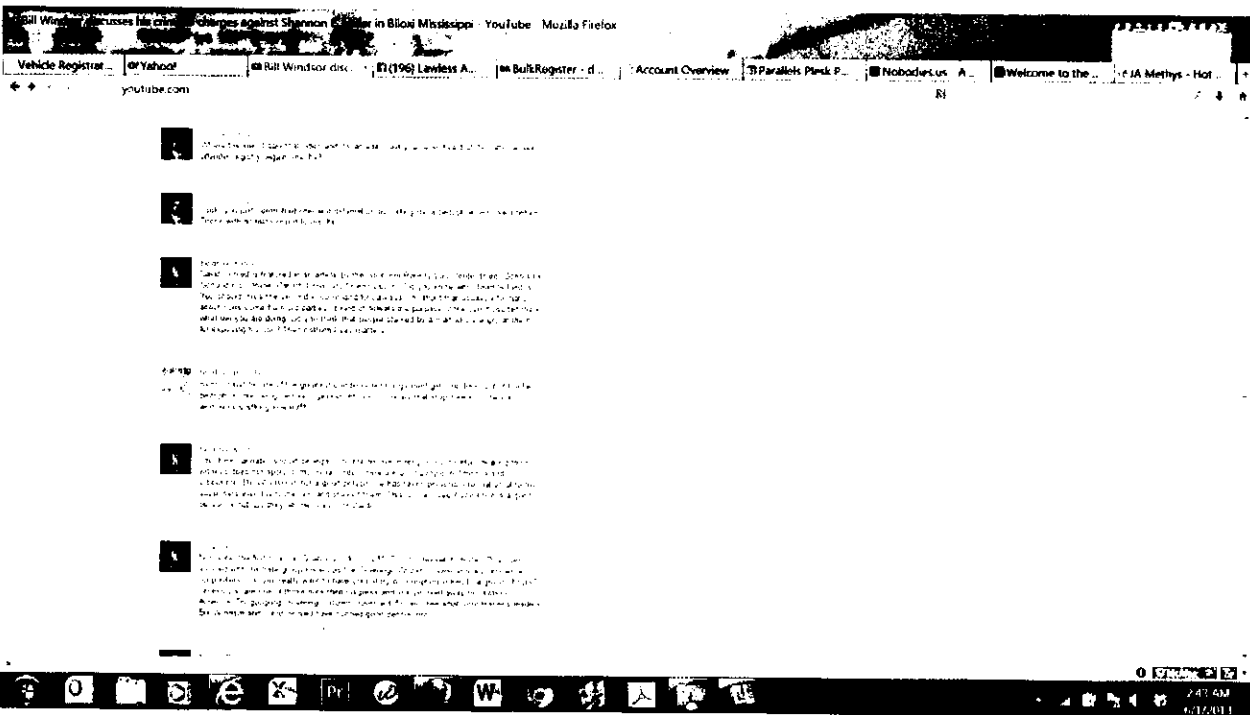

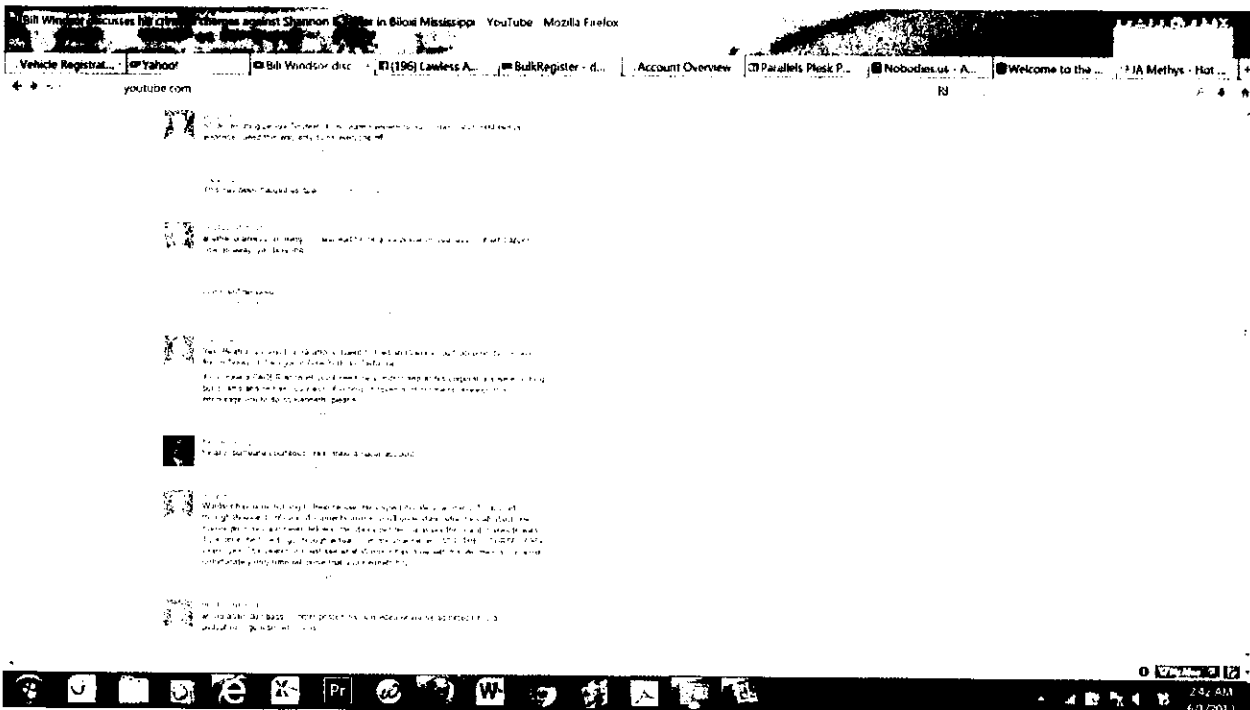

Sean Boushie of the University of Montana libels Bill Windsor by posting online that Windsor is a pedophile.

The term **pedophile** is commonly used to describe all child sexual abuse offenders, so Sean Boushie and others who falsely claim that Bill Windsor is a pedophile are guilty of falsely accusing Bill Windsor of committing felonies. This is a crime in itself.

I am not a pedophile, I have never been arrested, charged with a crime, or incarcerated...for anything...ever. I am simply exposing pedophiles and women who falsely accuse the biological fathers of their children in order to get custody.
