Psychopath – Sean Boushie libels Bill Windsor by publishing that Windsor is a psychopath

Psychopath – Sean Boushie libels Bill Windsor by publishing that Windsor is a psychopath.

Bill Windsor is a documentary movie producer and director with Lawless America. He has never been diagnosed or treated for anything but claustrophobia. Bill Windsor is not a psychopath.

But I believe people who call me a psychopath probably are mentally ill. I absolutely believe that Sean Boushie is mentally ill. I'm not a doctor, but I don't believe you have to be after you read this website chronologically.

- Instead of questioning good people what the dog is in a fight how about googling Bill Windsor = Venetian Legant and do your homework. we do ma graces with a proccation and then take his babies to their home state to stalk and harass them. My dog in this fight is that I refuse to let idly white a rich and demerced old fat liberals and people especially women. Make no mistake he's not on your side. try to question his tactics of stalking you'll find out.
- Just did. Only three things came up. All were dog posts, from the same trigger with no hard evidence.
- As far as questioning good people. In America those are far and few. Here is how I see it. Someone is a good person. Do you think cartoon which is illegal? Do you think bearing false witness is a mortal sin?
- Kevin's (the man who) the stupid enough to support psychopath Bales with any weapon sounds like dumber than dogshit to me. go away and learn something.
- Donated February 2013. no picture. no information. Some is trash to me.
- You want a woman to go to prison for mouthing off at you. but you don't think you should be in prison for driving across the country to her favorite restaurant and old apartment to stalk her and make the video standing in the back? Okay.
- Come to my home and I will kill you. your wife and child and my neighbors know you are a sovereign citizen. Domestic terrorist and we are done with people hating America and terrorizing people for their hate.
