I, William M. Windsor, am not an attorney. My website and emails express my OPINIONS. The comments of visitors or guest authors to the website are their opinions and do not therefore reflect my opinions. Anyone mentioned by name in any article is welcome to file a response. My website and my emails do not provide legal advice. I do not give legal advice. I do not practice law. My website and my emails are to expose government corruption, law enforcement corruption, political corruption, and judicial corruption. Whatever my website and emails say about the law is presented in the context of how I or others perceive the applicability of the law to a set of circumstances if I (or some other author) was in the circumstances under the conditions discussed. Despite my concerns about lawyers in general, I suggest that anyone with legal questions consult an attorney for an answer, particularly after reading anything on my website or in my emails. The law is a gray area at best.
